

ABHIJEET SINHA

Strategic Technology Leader | Product Innovation | Technical Excellence

Mumbai, Maharashtra, India | +91-8698942251 | abhijeetsinha@gmail.com

LinkedIn: [linkedin.com/in/abhsin](https://www.linkedin.com/in/abhsin) | Portfolio: abhijeet-sinha.github.io

Professional Summary

Accomplished Technology Executive with 24+ years of transformative leadership driving profitability through strategic planning, resource optimization, and technical delivery excellence. Proven record of building and scaling delivery operations, ensuring financial efficiency and consistency in engagement success across programs. Seeking to leverage deep expertise in Product Strategy, Enterprise Architecture, and Digital Transformation to drive substantial growth and competitive advantage for forward-thinking organizations.

Core Competencies

- **Strategic Pre-Sales Leadership:** Pre-Sales Excellence | Business Growth Catalyst | P&L Management | Client Relationship Management
- **Operational Excellence:** Delivery Operations | Financial Forecasting | Cost Control | Resource Optimization | Process Excellence
- **Innovation & Technology:** Product Strategy | Digital Transformation | Enterprise Architecture | AI/GenAI Solutions | Cloud Architecture
- **Team Leadership:** High-Performing Teams | Stakeholder Management | Executive Communication | Change Management
- **Enterprise Solution Architecture:** Pioneer framework-driven solution design | balancing performance | security | governance with seamless integration

Professional Experience

Lead Architect | **Fractal AI**

November 2023 - Present

Spearheading strategic accounts within Fractal's Cloud, Data and Tech division, elevating performance metrics and delivery quality.

VP of Engineering | **GreenArc Capital Pte. Ltd.**

January 2022 - September 2023 | India

Led engineering initiatives and technology strategy for the organization.

Sr. Technical Architect | **TrueNorth Funds LLP**

September 2018 - January 2022 | India

Provided technical architecture leadership and solution design.

Director Technical Architecture | Capgemini

June 2017 - September 2018 | India

Led technical architecture initiatives and client engagements.

Technical Project Manager | Infinity Labs

September 2015 - June 2017 | India

Managed technical projects and team deliverables.

Previous Experience

Sr. Research Engineer | Symantec India Pvt. Ltd, India (September 2013 - September 2014)

Sr. Software Consultant | Aditi Technologies Inc, USA (June 2008 - September 2013)

Software Consultant | Sepco Group Inc, USA (May 2007 - June 2008)

Project Lead | Grey Matter India Pvt. Ltd., India (June 2003 - February 2007)

Software Engineer | Morayanet Pvt. Ltd., India (June 2001 - December 2002)

Key Achievements

- Led strategic accounts at Fractal, driving 20% increase in client retention while architecting 3 innovative SaaS solutions that generated \$1.5M in new revenue streams. Built an internal accelerator powered by AI that increased development productivity by 50%
- Implemented comprehensive IT/Cloud security framework at GreenArc reducing vulnerabilities by 75% and achieving SOC 2 compliance in record 90 days, protecting \$500M in assets under management
- Architected and launched a comprehensive deal pipeline management platform for TrueNorth Private Equity from ground zero, which successfully evolved from an internal solution to a commercialized product
- Architected core network monitoring platform for Reliance JIO's 4G rollout, handling 100M+ daily active users and enabling India's largest telecom launch, while reducing network downtime by 70%
- Developed patented algorithm for real-time security threat correlation that became core component of Symantec's enterprise security suite, contributing to \$10M in product revenue
- Delivered rapid business solutions including a 30-day feature deployment saving \$85,000 and a Tideworks component that reduced operational workload by 75% (from 8-14 hours to 2-4 hours daily), commercialized for \$50,000 revenue.
- Established cross-functional mentorship program accelerating expertise development across engineering, pre-sales, and ML teams, resulting in 5 data monetization initiatives worth \$1.2M.
- Streamlined operations by insourcing outsourced projects and optimizing SDLC processes, reducing external consulting costs by 40% while maintaining quality standards.

Technical Skills

Current Skills:

AI modeling, GenAI and Agentic AI, RAG systems and vector databases, data visualization and BI tools

Programming Languages:

ReactJS, C++, Python, NodeJS, Java, JavaScript

Cloud & DevOps:

AWS, Azure, GCP, Docker, Kubernetes, CI/CD, DevOps practices

Architecture:

Enterprise Architecture, Solution Architecture, Microservices, API Design, Agentic AI orchestration

Education

M.Tech. (Masters in Computer Science (WILP program) with specialization in Data Analytics)

BITS Pilani, India | 2018

B.E. (Bachelors in Electrical Engineering)

University of Mumbai, India | 2001

Certification & Continuous Learning

Current:

- German Language Proficiency (A1 level)
- Microsoft Azure Administrator (AZ-900)

Pursuing:

- Microsoft Azure Administrator (AZ-104)
- Microsoft Azure Solutions Architect (AZ-305)
- Microsoft Azure AI Engineer Associate (AI-102)
- German Language Proficiency (B1 level)
